

## 1. Arizona

Cacti line / All the clean streets / Planes fly out / Where we meet // Rental cars / Food afar / Waitresses / That start to fade / From the sunshine days // Old west saloons / Whiskey cups / Pickin' and grinnin' / Sittin' and spinnin' / With all of our small talk / Here, there, everywhere // *Chorus:* But sharing our hearts / Sharing our true thoughts / Is not something we can simply do / We put on our masks / Hide our innermost thoughts and / To let out our true self is rare... // As rare as rain in 'Zona / Arizona // Taking notes / During the day / Before it's time / They want to play // Back in school / We are too cool / Before that time / It's time to drive / Just to survive // Nightlife calling / Cars in the car / Wagon camp at night / Stories of old / With the firelight / Now old scrolls unfold // (*Chorus*) // Time is closing / A fire begins / Talk around / The camp within // Wind and smoke / Go on to float / Back to the bar / To try and think / For another drink // Stop to talk / Meet a new friend / Meet again in the end / From the Fatherland / Away from the lover / The Schwiiegermutter // (*Chorus*) // As rare as rain in 'Zona / Arizona // Late night parties / Where are they going now? / What can I say / To change their minds? // What can I do / When it's all up to you / And I can only watch your lives slip away / To see how you all / Cope with the pain that's inside / From all the stress of life / And your pride // (*Chorus*)

## 2. Mad Sea

When you see me / On your TV / Does it make you / Want to help me? // Though I say no / And my friends go / When they told me / Bible said so // When you see me / On your TV / Does it make you / Want to help me? // Though I said no / And my friends go / They can tell me / Jesus said so // Who can I believe? / In this life / When all I see / Are your lies... // (That day...) / The waves / How they crashed on high / How I nearly lost my life / Now I'm dying here for food / What will you do? // Will you save me? / From this mad sea / Everything I have is gone... // Washed away by the sea / And you're there; remember me! / Everything I have is gone! // (I'm not that strong) // Will you save me? / From this mad sea

Quickly, / Go to Jesus' side / So that he may bless you, / My children...! // (but) The disciples say, / "you can't meet with Jesus... / because he's busy!" // (parents) What do they mean Jesus is busy? / He looks free... // How can the / disciples say this / to our faces? // (wait a sec...) Jesus said that / we must not / stop the children! // For the kingdom of God belongs to ones such as these. / You must not stop them! // Unless we have that kind of faith / like a child... // Without a spear, / Without a sword, / Winning with only a single stone, / Was David's faith... / That Samuel couldn't stop... // Samuel's faith / To the extent of pouring the Lord's anointing upon David before the people... // He poured out the oil... // This much faith... / What does it mean / to have this much faith? // Unless we have that kind of faith / like a child...

## 5. Acting Happiness

What we cannot have is what we want so bad / Until we try and bring it all down / Tear it down and start again / What about them? / They do not care / Much for me now... // But that's where you're wrong / And when you should be strong / If only you would listen to Him // 'Cause He cares what you do with your life / And not just with yours... but other's, too // Yes, He cares for what you do with your life / And not just with yours... but other's, too // Tear it down and start again / What about them? / They do not care / Much for me now // Hurting inside... // But that's where you're wrong / And when you should be strong / If only you would believe Him // No, you cannot have just what you want / Without hurting yourself / And others, too

### **Notes**

Due to a shortage of free time... some of the songs on this album were actually written within the last couple of years and, consequently, cover a variety of often-unrelated lyrical themes. The main focus of this album, however, is to continue the Life of Christ series... this time with songs related to John the Baptist and Jesus. As always, thank you for listening, and I hope you have a blessed new year!

Andy
